2017 Hervey Bay State High School Captains

School Overview

Hervey Bay State High School was established in 1964. Here, students have the 'courage to dream' and the 'opportunity to succeed'. Students achieve success, have positive self image, excel and confidently master new skills in this growing community school. Our Years 7, 8 and 9 curriculum has been established using the essential learnings of the Key Learning areas, including Mandarin, Marine Studies, Agricultural Science and Animal Husbandry. It is supported with Extension (APEX) and STEM programs, early intervention strategies in Literacy and Numeracy, Learning Support and Special Education programs. Our senior program (Years 10-12) maximizes life long learning, developing vocational, academic and cultural pathways for students. Classroom teaching programs are balanced, innovative and incorporate literacy, numeracy, technology with the Dimensions of Learning Pedagogical Framework. Our school is actively involved in cultural, academic, sporting and community programs as well as many extra-curricular activities in the greater community. Parents are actively encouraged to participate in the education of their children. Our Parents and Citizens group provides parents with an opportunity to work with the school to develop initiatives and a strong partnership with the school.

Principal's Foreword

Introduction

School Progress towards its goals in 2017

PRIORITY 1

Embed the Dimensions of Learning (DoL) as a whole-school pedagogical framework to improve and develop consistent teaching practice that supports and maximises the learning experiences for all students by

- Completion of Unit plans using DoL as the lens for curriculum design. Engagement of school curriculum leaders to progress the review, further development and implementation of curriculum plans consistently across all faculties
- Curriculum unit plans designed to ensure consistent delivery of curriculum in all classrooms focusing on:
 - Consistent use of curriculum language in all faculties
 - Developing positive attitudes and perceptions of both students and staff
 - Embedding the Habits of Mind
 - Acquiring and integrating declarative and procedural knowledge
 - Developing Complex Reasoning Processes in students
- Develop and implement effective feedback strategies for all students in years 7 to 10
- Embed feedback strategies for all students in years 11 and 12
- Explicit teaching of and consistent implementation of TEEL across all faculties in all planning, teaching and assessment
- Inclusion of school identified Literacy and Numeracy strategies in all faculty curriculum plans

PROGRESS AND ATTAINMENT OF TARGETS

- All Faculty curriculum unit plans developed in 2016 have been delivered, reviewed and amended
- Academic performance across all faculties of 85%>A-C or better – 44% of subjects from year 7 to 12 achieved 85% or better
- Improved student school opinion survey data

PRIORITY 2

Drive the implementation of Positive Behaviour for Learning (PBL) and promote this proactive approach to behaviour through the 'merit' reward system to further achieve better performance outcomes for all students and decrease the number of behaviour referrals and SDAs

- Continue with the implementation of PBL and engage the school committee and regional support to progress consistently in all classrooms
- Annually review the Responsible Behaviour Plan for Students (RBPS) and align with PBL and the PBL matrix
- Dimensions of Learning (DoL) Dimension 1 to be embedded practice in all classrooms. Upskilling of ALL staff to ensure the consistent commitment to and implementation of effective classroom management strategies
- Quality assure the consistent implementation of strategies in all classrooms.
- Review the structure of Student Case Management with a focus on individual case management and student support
- Analyse data to set targets and accountability of PBL application

PROGRESS AND ATTAINMENT OF TARGETS

- Increase the consistent application of Essential Skills for Classroom Management and strategies in all classrooms (profiling sweep and classroom walkthroughs) – completed
- Explicitly teach Behaviour lessons to all students to reinforce expectations for behaviour and consistency of application – lessons developed and delivered
- New Case Management Structure developed following review ready for implementation in 2018
- Decrease in student referrals and decrease in Student Disciplinary Absence (SDA)

Future Outlook

PRIORITY 1

Enacting a pedagogical framework that reflects expectations and principles to improve and develop consistent teaching practice that supports and maximises the learning experiences for all students.

Teachers will do this by:

- Demonstrating respect for their students as individuals
- Providing opportunities for students to build on their strengths, use preferred learning styles, work cooperatively in groups and negotiate what and how they learn
- Consistently and continually review unit plans and engage school curriculum leaders to further progress the development and implementation of curriculum plans consistently across all faculties and in all classrooms
- Monitor and deliver all unit plans to ensure consistent delivery of curriculum in all classrooms focusing on:
 - Consistent use of curriculum language in all faculties
 - Developing positive attitudes and perceptions of both students and staff
 - Embedding the Habits of Mind and 21st century skills
 - Acquiring and integrating declarative and procedural knowledge
 - Developing Complex Reasoning Processes in students
- Develop, implement and embed effective feedback strategies for all students in years 7 to 12
- Acknowledge individual differences and providing opportunities for all students to learn and succeed
- Create an “assessment culture” and Implement strategies to prepare students for new senior
- Developing and communicating an explicit commitment to wellbeing and establishing an Wellbeing Plan for the school
- Applying consistent school-wide rules and consequences to provide students with a rich learning environment that is open, respectful, caring and safe

PRIORITY 2

Drive the improvement of Literacy and Numeracy for all students so that they have the ability to learn and succeed in school and beyond

- Ensure Teachers have the knowledge, skills, support and leadership to improve their quality of teaching literacy and numeracy in all subject areas
- Conduct professional learning workshops with a focus on literacy and numeracy
- Create, implement and offer high quality literacy and numeracy programs for all students
- Enhance teacher knowledge so that all teachers are able to effectively deliver inclusive programs that improve literacy and numeracy learning for all students (utilising whole school strategies as per Literacy Toolkit) by addressing
 - Literacy and Numeracy teaching
 - Literacy and Numeracy learning
 - Literacy and Numeracy in the curriculum; and
 - Literacy and Numeracy Leadership
- Assess, track and improve literacy and numeracy outcomes for all students in the context of diverse backgrounds and abilities
- Improve literacy capabilities for all learning in all areas of the curriculum
- Review whole-school literacy and numeracy planning annually

Our School at a Glance

School Profile

Coeducational or single sex:	Coeducational
Independent Public School:	No
Year levels offered in 2017:	Year 7 - Year 12

Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	930	462	468	112	86%
2016	962	491	471	121	85%
2017	1019	513	506	113	88%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep** program.

** pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

Characteristics of the Student Body

Overview

Hervey Bay State High School offers educational and vocational pathways catering for all students whether they wish to continue with tertiary studies, employment opportunities or further training. Hervey Bay State High School continues to grow both in student numbers and in our school footprint.

Our student body includes many families from the local Fraser Coast and surrounding rural communities. New enrolments are drawn to the school and the area from both inter and intrastate. The school tends to have a high turnover of students but maintains its annual enrolment numbers. The school population has an Indigenous student population of 12%. We employ the services of an Indigenous Education Officer and are committed to working with our Indigenous students, their families and the community to provide every opportunity for students to achieve to their potential and reduce the "gap" in attendance, retention, attainment and academic performance. The Girls Academy will open at the school in 2018 which will further enhance these services for our female students and their families.

The school has approximately 10% of students with disabilities who are supported by specialist staff in the Inclusive Education Centre. We offer a supportive and inclusive program that assists students ascertained with specific disabilities. The Inclusive Education Centre enrolment is also growing and our expert staff cater well for students' diverse learning needs. These students are integrated into mainstream classes or are on Individual Education Programs. Students with learning difficulties are also catered for by the school's Student Support and Learning needs staff with targeted literacy and numeracy programs for year 7, 8 and 9 students.

The school has a range of family backgrounds and occupations but the majority of families are English speaking with no second language. The school ICSEA is 939.

Hervey Bay State High School is a co-educational school that operates individual case management and support. Students are supported by their class teachers, form teachers and assigned a Case Manager who assists with student wellbeing, academic performance, attendance, behaviour and support. This provides the opportunity for strong, productive relationships to be developed between students, parents, teachers and their case manager. This structure also allows students to develop their leadership skills with their year cohort and the student council as they progress from Year 7 to the senior school.

Student's welfare is also supported by Case Managers, School Chaplain, School Based Nurse, Guidance Officers, Indigenous Education Officer, Youth Support Coordinator and the School Based Police Officer. Each year cohort is also supported by a Deputy Principal.

Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3			
Year 4 – Year 6			
Year 7 – Year 10	21	20	22
Year 11 – Year 12	17	17	18

Curriculum Delivery

Our Approach to Curriculum Delivery

In addition to regular school subjects the school has several distinctive curriculum initiatives. We offer students

- Extension programs in identified areas of study. Academic Programs of Excellence (APEX) are offered in the areas of English, Mathematics, Music, Science and Health and Physical Education (Sport)
- A unique experience is our programs undertaken in the Agricultural and Environmental Centre (AEC) which includes the school farm. This allows us to offer and focus on the Agricultural and Animal Husbandry industry from year 7 to senior.
- A thriving Arts program includes Music, an Instrumental Music program, Visual Arts, Drama and Dance.
- Certificate courses in a wide range of areas including Community Activities, Rural Operations, Business and IT.
- Vocational guidance and programs for work experience, traineeships and school-based apprenticeships.
- The school offers university subjects in collaboration with the University Sunshine Coast to offer an extended range of options to students.
- Social and Emotional Learning programs – the Junior Induction Program (JIP) and Senior Induction Programs (SIP) provide information, development and education in such areas as careers, drug education, driver education and other personal development activities

Co-curricular Activities

Hervey Bay State High School prides itself on being a student-centred school that places great value on co-curricular activities and encourages student participation and leadership. A range of co-curricular activities are available to students by staff who offer their time and expertise on a voluntary basis both inside and outside school hours. Some of these events in 2017 included:

- Curriculum based activities and competitions such as the Mathematics Challenge, Creative Writing, LOTE language competition, Science and Engineering Challenge and our highly successful cattle team
- Domestic and International Language Tour to Sydney and China
- Student Leadership which includes students from all year levels who get involved with working with year 6 students from our primary schools on transition days, leadership projects and many community events
- Our Arts program students perform in showcases as well as concerts throughout the year to promote our extraordinary student talent
- Every year the school enters a large number of teams in local sporting competitions. This gives our talented sporting students an opportunity to attain representative honours. Our male and female football teams perform very well in the local competition. We also have netball, basketball, rugby, tennis, Australian Football, equestrian, lawn bowling and chess
- Each year we have a combined student and staff team represent the school in the Kokoda Challenge with our 2017 team completing the 96km challenge in 31 hours and a student Human Powered Vehicle (HPV) team who compete in the Technology Challenge 24 hour race in Maryborough.

How Information and Communication Technologies are used to Assist Learning

eLearning is a key focus within the school and the direction of technology will continue to be a priority, particularly access for students. The school has moved toward a 'bring your own device' program of IT integration in our classrooms. With the introduction of the National Curriculum and C2C resourcing, eLearning is an essential skill for both students and staff to master. All classrooms are equipped with digital projectors to enhance the learning and teaching experiences in classrooms. Laptops are available around the school for student use and IT labs are equipped for specialist classes. All students and families are encouraged to provide a device for their student learning to be used at home and at school.

Social Climate

Overview

Hervey Bay State High School provides considerable support for students and families. The school has a highly functioning Positive Behaviour for Learning (PBL) committee who work on improving the engagement of students in classes and creating positive learning environments for all students while supporting them and their welfare. Underlying this work is the school's Responsible Behaviour Plan for Students, the junior and senior induction programs which support the emotional and academic wellbeing of students, a case management system to work individually with students and their families, and providing leadership support in the Student Council. The school employs an extensive Student Support team who assist case managers by responding to bullying, relationship building and personal wellbeing. The school also uses STYMIE to assist students in notifying the school about any bullying incidents so that these can be managed quickly. The key component of this welfare process is the timely identification of concerns, early notification of parents and caregivers and negotiated intervention to improve student behaviours. Each cohort is also under the leadership and guidance of a Deputy Principal.

All members of the school community are expected to uphold the responsibilities defined in the Code of School Behaviour to ensure the best possible outcomes for students, staff and parents. Hervey Bay State High School's Responsible Behaviour Plan (based on the Code of School Behaviour) outlines the school's values, strategies and actions in order to ensure all students have a right to and receive a quality education in a safe and supportive environment. The school enacts the Positive Behaviour for Learning (PBL) strategies.

The school has an extensive support team who work with students and staff. This team includes the Guidance Officers, School Chaplain, School-based Police Officer, Youth Support Coordinator, Indigenous Support Officer and School Nurse.

The school has a school wide leadership program, peer mentor program and also provides programs for students who are at risk of disengaging, such as FIVE, Aspire, Girls Group and Deadly-Cation.

We also offer students an extensive lunchtime program to engage students outside the classroom. This includes Zumba, craft, chess and sporting competitions.

Parent, Student and Staff Satisfaction

Parent opinion survey

Performance measure			
Percentage of parents/caregivers who agree [#] that:	2015	2016	2017
their child is getting a good education at school (S2016)	97%	93%	100%

* Nationally agreed student and parent/caregiver items

'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

Parent and community engagement

Parents are welcome to be a part of the school's daily operations. They are always encouraged to be involved in their child's education by the following ways:

- Twice yearly Parent/Teacher Evenings. The focus of the first Parent and Teacher meeting in week 4 of term 1 was a conversation between students, parents/carers and teachers on meeting the educational needs of students. The second meeting occurred following assessment in term 2 to give feedback on student academic performance and plan progress for semester 2.
- Access to teaching staff by appointment, email and telephone conversation at any time. Email is encouraged between teachers, students and families. Email contact and correspondence increased dramatically in 2017
- QParents was implemented in 2017 for parents to access information on their students
- An active Parents and Citizens Association and Indigenous Parent group.
- Parent/Student/School interviews for students moving from Year 10 to Year 11
- Actively encouraging parents and carers to become volunteers in school programs and in other support programs
- Enrolment interviews for all new students
- On-line school newsletter which is emailed to all parents twice a month
- Electronic sign detailing upcoming events and celebration of student success
- Text message invitation and information messages to parents and families
- Facebook updates on activities and student participation in both curricular and co-curricular events
- Case Management meetings to discuss student progress, develop support plans and assist with student wellbeing
- Inclusive Education Centre meetings to discuss student progress, develop individual plans to assist students with diverse needs to support their wellbeing and access with negotiated adjustments

Respectful relationships programs

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships. These include:

- Induction day programs for year 6 students to transition into secondary school year 7
- "O" Week – orientation for all students in year 7 with a focus on building healthy and respectful relationships
- Personal Relationships program, delivered in Health and Physical Education, focusing on sexuality, violence, abuse, gender equality and forming positive and healthy relationships
- Junior Induction Program (2 sessions per week) which focuses on developing and maintaining positive relationships, strategies for dealing with 'mean' people and bullying behaviours, wellbeing, study and personal support strategies that is aligned to the "Secondary Student Wellbeing Program" contained in their student junior diary
- Senior Induction Program (2 sessions per week) which focuses on developing and maintaining positive relationships, study and careers information, preparation for exams and QCS, well-being and personal support strategies that is aligned to the "Secondary Student Wellbeing Program" contained in their student senior diary
- Positive Behaviour for Learning – explicit teaching of focus lessons identified from the school matrix – examples include, being prepared for learning, being on time for class
- Vital group – working with dis-engaged students to enhance their potential and confidence in being a productive member of the school and community
- Boys II Men – year 9 and 10 program for building positive relationships and self-esteem in boys
- Thrive – support program for building confidence, self-esteem, knowing self and developing personal goals in both male and female students
- Deadly Choices – support program for Indigenous students which focuses on culture and forming friendships, health and being a positive role model
- Team Up - development of leadership and team work skills
- Shark Tank – understanding personal boundaries and rights, domestic violence issues, and developing healthy and loving relationships
- Primary School Links – developing responsibility, communication skills, empathy and compassion, relationship skills and engagement in learning
- FIVE – re-engagement in classroom environment, forming positive relationships, support with behaviour and wellbeing

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	571	419	431
Long Suspensions – 11 to 20 days	23	26	31
Exclusions	9	12	8
Cancellations of Enrolment	16	21	21

Environmental Footprint

Reducing the school's environmental footprint

Hervey Bay State High School continually works towards decreasing both electricity and water consumption in the school. The school has a number of water tanks which assists our water usage. Our electricity usage decreased in 2017 due to reminders to staff and students to be "switch off", ensuring lights and air-conditioners were turned off when not needed. The school is committed to being a 'cool' school and more classroom air conditioners were installed in 2017.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	41,214	16,235
2015-2016	479,903	5,981
2016-2017	395,891	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

School Funding

School income broken down by funding source

Workforce Composition

Staff composition, including Indigenous staff

2017 WORKFORCE COMPOSITION			
Description	Teaching Staff	Non-Teaching Staff	Indigenous Staff
Headcounts	87	43	<5
Full-time Equivalents	83	34	<5

Qualification of all teachers

TEACHER* QUALIFICATIONS	
Highest level of qualification	Number of classroom teachers and school leaders at the school
Doctorate	0
Masters	10
Graduate Diploma etc.**	13
Bachelor degree	61
Diploma	3
Certificate	0

*Teaching staff includes School Leaders

**Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

Professional Development

Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$90 937.

The major professional development initiatives are as follows:

- Curriculum development
- Literacy and Numeracy development
- Pedagogical Framework (curriculum development and planning)
- Specialised skill development (Hospitality, Agriculture, Animal Husbandry, VET)
- QCAA training, support and information
- Leadership – Heads of Department, Deputy Principals, Principal and aspiring staff (teaching and non-teaching)
- Curriculum and Leadership coaching and mentoring

The proportion of the teaching staff involved in professional development activities during 2017 was 100%.

Staff Attendance and Retention

Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	96%	96%	96%

Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 86% of staff was retained by the school for the entire 2017.

Performance of Our Students

Key Student Outcomes

Student Attendance

Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	86%	86%	85%
The attendance rate for Indigenous students at this school (shown as a percentage).	79%	78%	78%

*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Secondary schools was 90%.

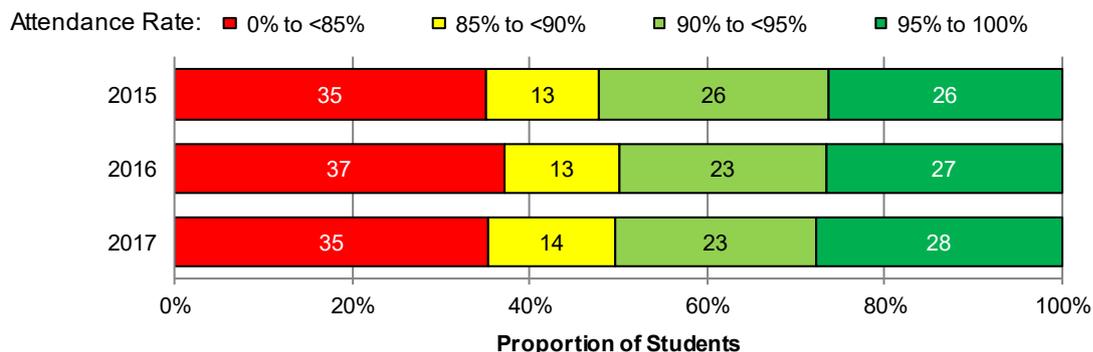

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015								87%	87%	84%	82%	89%	87%
2016								89%	86%	84%	82%	85%	88%
2017								88%	86%	80%	80%	87%	88%

*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

Student Attendance Distribution

The proportions of students by attendance range:

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Hervey Bay State High School uses a computerised ID-Attend system for recording and monitoring student attendance in all sessions of the school day. This program and associated processes track and monitor student attendance - daily, full-day and session truancy. Parents/Carers receive a text message if a student is absent from school following morning roll marking. Student absence and truancy is the responsibility of all staff and is monitored by Case Managers and Administration. An attendance officer is employed to track student absence and decrease unexplained absence. Unexplained absence continues to be closely monitored with parents and carers contacted daily to explain student non-attendance at school. Families are contacted via telephone where these absences are unaccountable. A more formal process of written notification is sent to parents/carers where students are absent repeatedly or where explained absence is high. Student support services are engaged to assist with student absence/attendance in school. The formal Managing Student Absence process is followed where students are absent frequently without reasonable explanation. The Administration monitors and is responsible for student attendance and the improvement of student attendance continues to be a priority of the school.

Strategies implemented to increase attendance:

- Case Manager informal conversation and engagement with students with unexplained absence
- Referral to Administration for formal discussion with student and family as high level of non-attendance is identified
- Referral to an internal and/or external student support program to assist with identified issues that prevent a student attending school
- Monitoring and tracking attendance for all students
- Incentive activities, programs and extra-curricular opportunities for students maintaining 90% or better
- Informal and formal Managing Student Absence" process

NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

* The Years 10 to 12 Apparent Retention Rate is defined as the number of full-time students in Year 12 in any given year expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).

Student Destinations

Post-school destination information

The results of the 2017 post-school destinations survey, Next Step – Student Destination Report (2017 Year 12 cohort), will be uploaded to the school's website in September.

Schools with fewer than 5 responses will not have a report available on the post-school destinations of Year 12 completers for reasons of confidentiality.

The report will be available at:

<http://www.herveybayshs.eq.edu.au/Supportandresources/Formsanddocuments/Pages/Documents.aspx>

Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12 are described below.

Students left Hervey Bay State High School for other educational and training institutions on the Fraser Coast and to other geographical areas both within the State and inter-State to complete their schooling. Year 10 students leaving the school were enrolled in vocational programs and/or found employment. Year 11 and 12 students, with guidance and counselling, gained access to vocational courses, employment, traineeships and/or apprenticeships. These students were supported by the school to ensure they were enrolled in programs that best suited their future needs. Some students enrolled at other schools both locally and outside of the Fraser Coast due to employment and family relocation. Students not gaining employment in the region moved to other regional and city centres.

Conclusion

Hervey Bay State High School continues to be a high performing school continually engaged in an improvement agenda to give all students and their families the best academic, social and educational outcomes and opportunities possible. We are a school of choice on the Fraser Coast and continue to work and support our community and our families.

“Courage to Dream ... Opportunity to Succeed”
